III. Investment Performance Report as of September 30, 2022

Brian Sharpes provided an overview of current market conditions stating that it continues to be a challenging and volatile environment. The portfolio is weathering the storm well, but the overall

Overall, the portfolio is positioned to perform well in the long term. The following recent developments were discussed:

- € Updated target asset allocation based upon 2022 Capital Market Assumptions
 - o US & International Equity 28%
 - o Fixed Income 25%
 - o Alternatives 20%
- € Established NEW 5% allocation to Western Asset Core Plus funded from Breckinridge

They presented the following recommendations:

- € Trim SPDR S&P 1500 Composite Stock Market and establish NEW 2.0% allocation to Small Cap Growth
 - o Focuses on high quality companies with sustainable competitive advantages, industry leadership, experienced management and low debt levels
 - o The strategy's emphasis on stocks with durable and sustainable growth rates, as well as those with high return on equity and low debt levels, results in a quality portfolio with low beta and downside and upside capture ratios
 - o Moderately diversified portfolio of 500 stocks with low turnover
 - o Performance is benchmarked against the Russell 2000 Growth Index
